PRECONTRACT APPROVAL RECORD (PART TWO)	CONTRACT EC-1905 Add. 2
<p>The services and equipment being procured by this Contract No. <u>EC-1905</u> are in furtherance of the <u>OXCAR</u> Program(s), the nature of which cannot be publicly disclosed for security reasons. The Contracting Officer therefore determines that this procurement must be accomplished by negotiations pursuant to the authority of Section 3(a) of PL 81-110 and Class Determination and Finding, OXC 2122, signed by the DDCI on 15 October 1961.</p> <p>Certification of funds for this contract will be handled under the procedure approved by the Director of Central Intelligence on 15 December 1956 which, in effect, results in all covert expenses involving issuance of Treasury Checks being accumulated in a separate account within the Finance Division. The amounts in this account will be periodically scheduled for certification of the vouchers by the Director. This procedure eliminates the necessity for a separate certification of authority under Section 8(b) of Public Law 110, 81st Congress (formerly 10(b) - see 85-507 dated 7/7/58) for each contract.</p> <p>The following comments describe the procurement hereby effected, the terms and provisions generally of this contract/amendment, and a resume of major issues negotiated:</p> <p>Contract No. EC-1905 provides for fabrication and delivery of maintenance vans, pilot transport vans, portable test equipment, and refurbishment of ready room at the test site. This Amendment No. 2 has been drawn to provide for additional items of work in the estimated amount of \$10,318, inclusive of a fixed-fee of \$765, and to cover an estimated cost overrun of \$60,605. The amendment also incorporates final overhead and G&A rates into the contract from its inception to 30 November 1963.</p>
